Serving in a correctional facility is hard time, even for the foodservice equipment. You know all too well how demanding the environment is, and how clever inmates can be when it comes to obtaining errant materials. Securing the cabinet, as well as both its components and contents, are vital to maintaining safety throughout your facility. You'll find that Traulsen's high quality "Corrections" models are more than up to this very demanding duty. They offer important ownership benefits such as outstanding temperature performance, energy efficiency, reliable operation, large storage capacities, and extreme cabinet durability. In addition, their already robust design is ideal for use in any level correctional facility.

Quality refrigeration equipment combining security and performance with no possibility of parole. That's Traulsen. Trusted.

Model RW132W-COR01  
Single Section Hot Food Holding Cabinet

### Correctional Package Features

- Security screws prevent unwanted removal of components (cannot be removed with a straight edge, requires a special tool)
- High impact lexan cover protects the control
- Diamond mesh steel screening prevents damage/removal of refrigeration components
- Locking hasps prevent unwanted access and/or pilferage
- Interior arrangements (13 pairs universal type tray slides) welded to a fixed frame (reach-in/pass-thru models only)
- Flanged legs for secure mounting to the floor (reach-in/pass-thru models only)
- No hinge covers
- Louvers built into a fixed frame

### Trusted Product Summary

#### >> Performance & Design Benefits

- Outstanding temperature maintenance & recovery means less shrink/reduced food cost
- Energy efficiency means lower utility bills (many models ENERGYSTAR® rated)
- Reliable patented microprocessor control limits lifetime service cost
- Durable, all-metal construction for reduced lifetime service costs & long equipment life
- Large usable capacity means more storage space the footprint
- Special door pan design protects the gaskets, reducing frequency of replacement
- Easy-to-clean front facing condenser encourages proper care
- Self-closing/stay open doors provide operator convenience
- Load-Safe guard protects against improper or over loading
- All models easily accommodate 18" x 26" sheet pans
- Value added warranties: lifetime door handle/hinge, 10-yr. door/2-yr.control

### Product Offering Summary

Blast chillers also available.

#### Reach-In Refrigerator Models

RH132N-COR01: 1-section hinged left  
RH132N-COR02: 1-section hinged right  
RH232N-COR01: 2-section hinged left/right

#### Pass-Thru Refrigerator Models

RH132NP-COR01: 1-section f & r hinged left  
RH132NP-COR02: 1-section f & r hinged right  
RH232NP-COR01: 2-section f & r hinged left/right

#### Reach-In Freezer Models

RL132N-COR01: 1-section hinged left  
RL132N-COR02: 1-section hinged right  
RL232N-COR01: 2-section hinged left/right

#### Reach-In Hot Food Holding Cabinets

RW132W-COR01: 1-section hinged left  
RW132W-COR02: 1-section hinged right  
RW232W-COR01: 2-section hinged left/right

#### Pass-Thru Hot Food Holding Cabinets

RW132WP-COR01: 1-section f & r hinged left  
RW132WP-COR02: 1-section f & r hinged right  
RW232WP-COR01: 2-section f & r hinged left/right

#### Roll-In Refrigerator Models

RR132L-COR01: 1-section hinged left  
RR132L-COR02: 1-section hinged right  
RR232L-COR01: 2-section hinged left/right

#### Roll-Thru Refrigerator Models

RR132LP-COR01: 1-section f & r hinged left  
RR132LP-COR02: 1-section f & r hinged right  
RR232LP-COR01: 2-section f & r hinged left/right

#### Roll-In Hot Food Holding Cabinets

RI132L-COR01: 1-section hinged left  
RI132L-COR02: 1-section hinged right  
RI232L-COR01: 2-section hinged left/right

#### Roll-Thru Food Holding Cabinets

RI132LP-COR01: 1-section f & r hinged left  
RI132LP-COR02: 1-section f & r hinged right  
RI232LP-COR01: 2-section f & r hinged left/right

A vital part of maintaining a safe environment and serving safe food for those serving time.
