

Intelligent Storage Systems :-)

We put space to work.™

i

“The Ultimate lifetime storage system... built of advanced polymers with Microban antimicrobial protection, MetroMax i shelving is extremely durable, quick to clean and corrosion proof.”

Taking storage to the MAX,  
now that's...

# uni*i*Q.ue.

iQ

An intelligent way to improve your ROI. . . improved food safety, longer-life product performance, unique organization, and interactive on-line tools yield real process and operational efficiencies.

Q

“MetroMax Q’s unique corner release allows shelves to be repositioned in seconds. Easy-to-clean polymer mats and epoxy coated components with Microban antimicrobial protection makes MetroMax Q™ a quantum leap from traditional wire shelving.

We put space to work.™

Uniquely Justifiable...  
Life-long durability, fastest cleaning, and efficient organization to improve ROI.

## New MetroMax i™ Uniquely Lifelong...

From top to bottom, a premium storage system that is built to address foodservice operator needs for a lifetime. MetroMax i™ offers an innovative, corrosion proof polymer design at half the cost of stainless. Unique performance... shelves combine the strength of steel with efficient, quick-to-clean, lifelong components. Easy-to-clean removable polymer mats and smooth surfaces promote food safety. Open grid mats promote air flow and one-piece solid mats contain spills. Microban antimicrobial protection is built into the mats and all other high contact areas of the shelves and posts to inhibit the growth of microorganisms that cause odors, stains, and product degradation. iQ system accessories organize the entire storage area. Lifelong durability, fastest cleaning, and well-organized storage enhance efficiencies and productivity to improve ROI. MetroMax i™...*uniquely justifiable.*

### iQ System Accessories Adaptable . . .

- a. Standard 8" tall polymer dividers are easily repositioned to separate and contain loose products.
- b. Flexible slide systems fit a variety of trays, pans, and containers. Store more vertically with easy access to food product.
- c. Ergonomic handles like the swing up model (pictured) enable easy maneuvering of MetroMax i™ and Q transport carts throughout a facility or campus.
- d. Casters enable fully loaded units to easily move for transport or for improved access to walls and hard-to-reach areas of the floor in support of good cleaning practices. Casters or Dollies can also be used to create transport carts. Consider casters with polymer horns for improved durability in wet areas and controlled environments.

## MetroMax iQ™ Storage System :-)

### Uniquely Justifiable. . .

Designed with innovative polymers for longer-life product performance, easy-to-clean surfaces to promote a cleaner environment and higher level of food safety, interchangeable components for maximum flexibility, interactive on-line tools... a truly unique way to improve operational efficiencies, productivity, and ultimately ROI.

**Interchangeability:** MetroMax i™ and MetroMax Q, shelves, posts, and most accessories are uniquely interchangeable making the iQ system adaptable to your specific application.

**Longer-Life Durability and Performance:** Corrosion proof MetroMax i™ has an innovative polymer design and the performance of stainless steel at half the cost. MetroMax Q™ has an advanced polymer and epoxy coated design that offers superior performance versus wire shelving. All shelves can be cleaned in a fraction of the time of wire for improved productivity and ROI.

**Improved Food Safety:** iQ System shelves have removable polymer mats that are easily cleaned in sinks or dish machines. Cleaner shelves promote food safety.

**Storage Optimization:** iQ System accessories contain, compartmentalize, and organize your stored contents to maximize every square inch of storage space. Smooth polymer components protect fragile packaged items.

## Uniquely Integrated :-)

MetroMax iQ™ Storage System is supported with interactive online tools to help you configure a storage system that is right for you. Visit [www.metro.com/iQ](http://www.metro.com/iQ) where on-line videos provide an introduction to the iQ system. View MetroMax i and Q systems in foodservice environments—virtual kitchens, coolers and storage areas include tips to point out the best uses of the iQ System. Then, use the on-line configurator to help you build the exact shelving system you desire.

## Unique Value...

Long-lasting durability, faster cleaning, and efficient organization to improve ROI.

### iQ System Accessories Flexible . . .

- e. Stackable ledges prevent items from falling off shelves in stationary or mobile applications.
- f. Shelf-to-Shelf dividers fully compartmentalize the space between two shelves. Use on the interior or the ends of the shelf to manage hard-to-handle items including vacuum sealed products and other bagged or loose items.
- g. Tray Drying Rack accessories allow superior air circulation for fast safe drying of pots, pans, trays, containers, and lids. Promotes food safety.
- h. Solid shelf mats contain leaks and spills and are ideal for use on the bottom shelf to protect supplies from dirt or mops.

## New MetroMax Q™ Unique Value...

A quantum leap from traditional wire shelving, a value-added storage system that offers superior cleanability and long-lasting performance. MetroMax Q™ is constructed of durable polymer mats and epoxy coated frames and posts. Easy-to-clean removable shelf mats promote food safety. Unique performance... shelves easily adjust with a flip of the corner releases to maximize storage efficiency and hold up to 800 lbs. (363 kg). For greater corrosion protection, a MetroMax Q™ unit may be configured with the interchangeable MetroMax i™ polymer posts. For applications requiring solid shelf surfaces, the MetroMax i™ shelves may be used. Microban antimicrobial protection is built into the high contact areas of the shelves and posts to inhibit the growth of microorganisms that cause odors, stains, and product degradation. iQ accessories organize the entire storage area. Long-lasting durability, faster cleaning, and well-organized storage increase efficiencies and productivity to improve ROI. MetroMax Q™ ...*a unique value.*

Interactive online space planning tools are available 24/7 to help you determine the right solution for your application. [metro.com/iQ](http://metro.com/iQ)
