Step inside the center of
innovation and collaboration
for foodservice professionals

DETROIT

INDIANAPOLIS

Welcome to the complete foodservice experience: HRI Culinary Solutions Centers. Located in Indianapolis and Detroit, these centers offer foodservice professionals a hands-on, sensory exploration of the latest technology and trends in this industry. This collaborative blend of art and science provides inspiration to create innovative solutions, from higher quality menu items to increased productivity and efficiency.

Collaborate • Create • Innovate
Designed exclusively for consultants, dealers, specifiers and end-users, these centers of innovation provide all of the equipment and expertise you need in a full-size professional kitchen environment:

- WHAT'S COOKING**
- Design Consultations
 - New Product Demos
 - Menu Development
 - Professional Workshops
 - Meeting Space
 - Special Culinary Events

DETROIT

The HRI Culinary Solutions Centers feature fully functioning professional kitchens equipped with the latest in food prep, cooking, holding and serving equipment. The centers are open to foodservice professionals to see new product demonstrations, develop new menu items, and consult with HRI on more efficient kitchen designs. "These centers are a collaborative blend of art and science that will inspire customers to create innovative solutions, from higher quality menu items to increased productivity and efficiency," says Mitch Reilly, President of HRI, Inc. "We designed the space to be a complete hands-on, sensory exploration that allows foodservice professionals to experience what's new and what's possible in the industry."

The centers also offer workshops on new equipment, technology and trends at the centers; event and meeting space is also available at both locations for special culinary events during regular hours and after hours. **Experience HRI CULINARY SOLUTIONS CENTERS first-hand, Contact us to schedule an appointment.**

HRI, Inc. is the leading equipment manufacturers' representative to the foodservice industry in the Michigan, Indiana and northwestern Ohio markets. Every segment of the foodservice industry has its unique set of requirements, opportunities, challenges and trends. Because HRI has been serving foodservice dealers, specifiers and end-users for over 25 years, we know what works best in our key markets: Schools (K-12), Universities/Colleges, Hospitals/Healthcare, Corrections, Restaurants (fast-casual to fine dining), Hospitality, Entertainment and more.
