K-12 MOBILE SOLUTIONS PROVIDER

L LAKESIDE®

You can create a lot of history in 75 years, and the team here at Lakeside understands that more than just about anyone. We were founded by a World War II Navy veteran who decided he didn't want to work for anyone else, and from those very first days until now, the same sentiment exists -- Lakeside can make it happen, and we're going to have fun doing it.

Now, that brings us to the stories. Being successful for so many decades as a "can-do" company doesn't just happen. You have to learn from the "can't dos" first. Our history here at Lakeside has led us from barbecue grills to wooden playhouses and from cadaver coolers to motorized wheelchairs. We've gone from the shores of Lake Michigan to the beaches of St. Croix, and we've had periods of time when we've focused internally and then opened the windows -- quite literally -- and listened to the outside world. There are hundreds of anecdotes in between, and all of them add up to a single point:

“ There are reasons and stories behind everything we manufacture, and they've helped us refine our products to be the best in the industry.

210 TUBULAR UTILITY CART 27" L X 17.5" W X 35.75" H

UTILITY CARTS
TUBULAR

Tubular Utility Carts by Lakeside Manufacturing are ideal for dining area bussing, set-up, tray or soiled dish station, medium duty transport, and storage. The Lakeside 210 Tubular Utility Cart with (2) shelves measuring 15-1/2" x 24" has a weight capacity of 500-Lbs. This Lakeside cart's dual handles allow for pushing from either end when narrow spaces restrict turns, while its 1" thick tubing supplies longer lasting durability. This utility cart's U-shaped stainless steel frame with integrated handles increases structural strength, and its reinforced edges provide extra strength for heavy loads. This foodservice utility cart's all-swivel casters maneuver smoothly with less strain. Its 20-gauge stainless steel shelves have reinforced edges for heavy loads and load drops. This cart's legs are 16-gauge stainless steel for increased stability when hauling across long distances. Its stainless steel is easy to clean and sanitize. This model is NSF listed. Standard, modified, and custom options available from Lakeside's USA factory. Nobody beats Lakeside lead times!

- Dual handles allow for pushing from either end when narrow spaces restrict turns.
- 1" thick tubing supplies longer lasting durability.
- U-shaped stainless steel frame with integrated handles increases structural strength.
- Reinforced edges provide extra strength for heavy loads.
- All-swivel casters maneuver smoothly with less strain.
- 20-gauge stainless steel shelves have reinforced edges for heavy loads and load drops. Legs are 16 gauge stainless steel.
- Stainless steel is easy to clean and sanitize.
- This model is NSF listed.

311 STAINLESS STEEL UTILITY CART 27.5" L X 16.25" W X 32.13" H

UTILITY CARTS
STANDARD DUTY

Stainless Steel Utility Carts by Lakeside Manufacturing are ideal for dining area bussing, set-up, tray or soiled dish station, light duty transport and storage. The Lakeside 311 Stainless Steel Utility Cart with (3) shelves measuring 15-1/2" x 24" has a 300-Lb. weight capacity. This cart's bumpers on its legs and handles help protect walls and furniture, while its all-welded angle leg design provides durability. This utility cart's sound deadening material under its shelves restricts vibration and reduces noise. This foodservice cart on wheels has a reinforced, hemmed front that adds strength where the cart is most vulnerable to stress. Its stainless steel construction is easy to clean and sanitize. Unitized electronic welding is used to fasten the 311's shelves and handle to the frame. Endless variations and feature combination. Industry leading ship times from Lakeside's U.S. factory. Proudly made in the USA!

- Bumpers on legs and handles help protect walls and furniture.
- All-welded angle leg design provides durability.
- Sound deadening material under shelves restricts vibration and reduces noise.
- Reinforced, hemmed front adds strength where the cart is most vulnerable to stress.
- Stainless steel is easy to clean and sanitize.
- Unitized electronic welding is used to fasten shelves and handle to the frame.
- Fits up to three standard 15" x 20" (381 x 508) bus boxes.

411 STAINLESS STEEL UTILITY CART 27.63" L X 16.75" W X 32" H

UTILITY CARTS
MEDIUM DUTY

Stainless Steel Utility Carts by Lakeside Manufacturing are ideal for dining area bussing, set-up, tray or soiled dish station, medium-duty transport and storage. The Lakeside 411 Stainless Steel Utility Cart with (3) shelves measuring 15-1/2" x 24" has a 500-Lb. weight capacity. This utility cart's all-welded angle leg design provides durability, while its reinforced, hemmed front adds strength where the cart is most vulnerable to stress. The 411's sound deadening material under its shelves restricts vibration and reduces noise, while its stainless steel construction is easy to clean and sanitize. This foodservice utility cart has bumpers on its legs and handles to protect walls and furniture. The 411 is constructed of a durable, unitized electronically welded angle leg frame. Endless variations and feature combination. Industry leading ship times from Lakeside's U.S. factory. Proudly made in the USA!

- All-welded angle leg design provides durability.
- Reinforced, hemmed front adds strength where the cart is most vulnerable to stress.
- Sound deadening material under shelves restricts vibration and reduces noise.
- Stainless steel is easy to clean and sanitize.
- Bumpers on legs and handles protect walls and furniture.
- Durable, unitized electronically welded angle leg frame.
- Fits up to three standard 15" x 20" (381 x 508) bus boxes.

526 GUARD RAIL UTILITY CART

31" L X 19" W X 33.75" H

UTILITY CARTS
GUARD RAIL

Guard Rail Utility Carts by Lakeside Manufacturing eliminate spills and breakage during transport of items that could easily tumble off the shelves. The Lakeside 526 Guard Rail Utility Cart with (3) shelves measuring 18" x 27" has a weight capacity of 500-Lb. This utility cart's front rails on all three of its shelves prevent items from falling during transport. This Lakeside cart's all-swivel casters provide ultimate maneuverability, with its integrated push handle for comfortable guiding cart with ease. This foodservice cart's sound deadening material under its shelves restricts vibration and noise. This cart has all-welded construction for a stronger structure and easier-to-clean surface. This Lakeside cart's stainless steel is easy to clean and sanitize, while its bumpers on legs and handles protect walls and furniture. Customize your design with Lakeside cart experts. Unbeatable lead times. Made in the USA.

- Front rails on all three shelves prevent items from falling during transport.
- All-swivel casters provide ultimate maneuverability.
- Integrated push handle for comfortable guiding cart with ease.
- Bumpers on legs and handles protect walls and furniture.
- Sound deadening material under shelves restricts vibration and noise.
- All welded construction for a stronger structure and easier-to-clean surface.
- Stainless steel is easy to clean and sanitize.

710 STAINLESS STEEL CART

30" L X 16.25" W X 34.25" H

UTILITY CARTS HEAVY DUTY

Stainless Steel Utility Carts by Lakeside Manufacturing are ideal for dining area bussing, set-up, tray or soiled dish station, heavy-duty transport, and storage. The Lakeside 710 Stainless Steel Utility Cart with (2) shelves measuring 15-1/2" x 24" has a 700-Lb. weight capacity. This utility cart's larger 8" (203) front wheels allow the cart to transition over uneven surfaces with ease. Its fixed front wheels help guide the cart in a straight line, while making it easier to navigate corners. The 710's angled "U"-shaped frame design provides superior structural strength for larger loads. This foodservice cart has an all-welded construction for a stronger structure and easier to clean surface. Its no-mark, extra load, cushion tread wheels absorb impact, reducing vibration and strain. This utility cart's stainless steel construction is easy to clean and sanitize. Its bumpers on legs and handles protect walls and furniture. Lakeside is proudly made in the USA with industry leading ship times. Customize your design with Lakeside cart experts now! Made in the USA.

- Larger 8" (203) front wheels allow cart to transition over uneven surfaces with ease.
- Fixed front wheels help guide cart in a straight line, while making it easier to navigate corners.
- Angled "U"-shaped frame design provides superior structural strength for larger loads.
- All-welded construction for a stronger structure and easier to clean surface.
- No-mark, extra load, cushion tread wheels absorb impact, reducing vibration and strain.
- Stainless steel is easy to clean and sanitize.
- Bumpers on legs and handles protect walls and furniture.

727 DEEP SHELF UTILITY

38" L X 22.25" W X 37.25" H

UTILITY CARTS DEEP SHELF

Deep Shelf Utility Carts by Lakeside Manufacturing are ideal for carrying large, heavy loads with confidence. The Lakeside 727 Deep Shelf Utility Cart with (2) shelves measuring 21" x 33" has a weight capacity of 700-Lb. This Lakeside cart's 2-1/2" deep shelves hold items securely in place, while its reinforced hemmed front adds strength where the cart is most vulnerable to stress. This utility cart has an electronically all-welded construction for a stronger structure and easier to clean surface. Its rugged 18-gauge reinforced stainless steel shelves are easy to clean and sanitize. This foodservice cart on wheels has bumpers on its legs and handles to protect walls and furniture. This Lakeside utility cart provides secure, rugged transport for continuous moving of 700-Lb. heavy loads over various floor surfaces. This cart's angled "U" shaped steel frame provides extra strength needed for heavy duty jobs. Equipped with 5" swivel and 8" rigid cushion tread casters that offer smooth maneuverability in tight spaces. NSF listed models available. Customize your design with Lakeside cart experts. Industry leading ship times from Lakeside's factory in the USA.

- 2-1/2" deep shelves hold items securely in place.
- Reinforced hemmed front adds strength where the cart is most vulnerable to stress.
- Electronically all-welded construction for a stronger structure and easier to clean surface.
- Rugged 18-gauge reinforced stainless steel shelves are easy to clean and sanitize.
- Bumpers on legs and handles protect walls and furniture.
- Secure, rugged transport for continuous moving of 700-Lb. heavy loads over various floor surfaces.
- Angled "U" shaped steel frame provides extra strength needed for heavy duty jobs.
- 5" swivel and 8" rigid cushion tread casters provide smooth maneuverability in tight spaces.
- NSF listed models available.

745 MULTI-SHELF CART

38.5"L X 21.50"W X 49.13"H

UTILITY CARTS
MULTI-SHELF

Multi-Shelf Carts by Lakeside Manufacturing maneuver heavy-duty loads easily in narrow or crowded service areas. The Lakeside 745 Multi-Shelf Cart with (4) shelves measuring 21" x 33" has a weight capacity of 700-Lb. This cart's narrow width fits easily in elevators and other confined spaces, while its U-shaped frame provides superior strength. This Lakeside cart has all of its shelf edges down for easy loading and unloading from all sides. This foodservice cart's all-welded angle leg construction makes for a stronger structure and easier-to-clean surface. Its stainless steel construction is easy to clean and sanitize, while its no-mark cushion-tread wheels absorb impact for quieter operation. Equipped with 2 fixed and 2 swivel 5" casters to guide the cart in a straight line, while making turns easier. Customize your design with Lakeside cart experts. Lakeside has the widest selection of carts on the market. Unbeatable lead times. Made in the USA.

- Narrow width fits easily in elevators and other confined spaces.
- U-shaped frame provides superior strength.
- All shelf edges down for easy loading and unloading from all sides.
- All-welded angle leg construction for a stronger structure and easier-to-clean surface.
- Stainless steel is easy to clean and sanitize.
- No-mark cushion-tread wheels absorb impact for quieter operation.
- 2 fixed and 2 swivel 5" casters guide cart in a straight line, while making turns easier.
- Extended handle allows for easy maneuvering in tight spaces when precision is required.

FOOD SERVICE

944 STAINLESS STEEL UTILITY CART

39"L X 22.75"W X 37.38"H

UTILITY CARTS
TOUGH TRANSPORT

Stainless Steel Utility Carts by Lakeside Manufacturing are ideal for receiving dock and storage room use, loading and moving dishes and flatware, and continuous hauling of heavy-duty loads over uneven surfaces. The Lakeside 944 Stainless Steel Utility Cart with (3) shelves measuring 21" x 33" has a weight capacity of 1000-Lb. This Lakeside cart's larger 8" (203) front wheels allow the cart to transition over uneven surfaces with ease. Its fixed front wheels help guide the cart in a straight line, while making it easier to navigate corners. This foodservice cart's angled "U"-shaped frame design provides superior structural strength for larger loads. This utility cart's all joints are full bead welded to better withstand heavy loads and frequent use, while its reinforced edges provide extra capacity for heavy loads. The 944's no-mark, extra load, cushion tread wheels absorb impact, reducing vibration and strain. Its stainless steel construction is easy to clean and sanitize. This Lakeside cart has bumpers on its legs and handles to protect walls and furniture. This model is NSF listed. Lakeside offers an endless variety of customizable options with industry leading ship times. Made in the USA with unbeatable lead times!

4411 HANDLER SERIES UTILITY CART WITH ERGONOMIC HANDLE
27.63"L X 17.75"W X 44"H

UTILITY CARTS HANDLER

Handler Series Utility Carts by Lakeside Manufacturing have ergonomic storage and transport functionalities designed to minimize operator strain. The Lakeside 4411 Handler Series Utility Cart with (3) shelves measuring 15-1/2" x 24" has a weight capacity of 500-Lb. This foodservice utility cart's unique one-piece vertical handle offers more control for swiftly guiding the cart. This Lakeside cart's leg bumpers protect walls and furniture, all while its all-swivel casters provide tight turn handling for congested spaces and make it easier to navigate into storage area corners. This utility cart's stainless steel construction is durable for hauling medium duty loads and is easy to clean and sanitize. Endless variations and feature combinations. Unbeatable lead times. Made in the USA.

- Unique one-piece vertical handle offers more control for swiftly guiding the cart.
- Leg bumpers protect walls and furniture.
- Stainless steel is easy to clean and sanitize.
- All-swivel casters provide tight turn handling for congested spaces and make it easier to navigate into storage area corners.
- Durable stainless steel construction for hauling medium duty loads.

7020 ERGO-ONE SYSTEM UTILITY CART
41.38"L X 21.63"W X 46.75"H

UTILITY CARTS ERGONOMIC

Ergo-One System Utility Carts by Lakeside Manufacturing were designed to reduce injuries caused by improper pushing, lifting and loading. The Lakeside 7020 Ergo-One System Utility Cart with (2) shelves measuring 21" x 33" has a weight capacity of 700-Lb. This ergonomic utility cart's vertical handle with comfortable grip ensures an operator's wrists are in the correct position for pushing and steering. This Lakeside cart's shelves are located within a "Safety Zone" that is the proper height for loading and unloading, bottom shelf is 20" (508mm) from the floor. This utility cart's no-mark, extra load, cushion-tread wheels absorb impact, reducing vibration and strain. This foodservice cart on wheels' 18-gauge stainless steel shelves are reinforced for added strength, while its all welded construction is durable for a stronger structure and easier-to-clean surface. This ergonomic utility cart's stainless steel is easy to clean and sanitize. Its leg bumpers protect walls and furniture. Lakeside has the widest selection on the market and offers custom solutions. Industry leading ship times from Lakeside's US factory. Made in the USA.

163422 **MOTORIZED UTILITY CART** 45.5" L X 24.5" W X 40.5" H

UTILITY CARTS ELECTRIC

Stainless Steel Motorized Utility Carts by Lakeside Manufacturing are ideal for hauling heavy loads over long distances and up and down inclines. The Lakeside 163422 Motorized Utility Cart has (3) shelves measuring 24-1/2" x 36" with a weight capacity of 1000-Lb. This motorized foodservice cart on wheels limits injuries when hauling heavy loads for long distances over steep inclines. This Lakeside motorized assisted cart has a self-contained electric motor transaxle and simple handle controls with two speed options. This utility cart's forward and reverse controls allow operator to push or pull cart. The 163422's static release floor belt dissipates static charge, while its power axle release allows for non-motorized use. This foodservice cart's emergency stop feature ensures operator safety and prevention of injuries. Its power cord holder allows for easy access to charge and neat tuck-away while in use. This cart has a quick charge battery system for quick and easy charging. Its all-welded stainless steel heavy-duty construction is easy to clean and sanitize. The 163422 has non-marking flat-free drive wheels, (2 ea.) 8" swivel casters with brake for smooth maneuverability. Modify existing standard products with industry leading ship times from Lakeside's U.S. factory! Lakeside is proudly made in the USA!

- Motorized assisted cart has a self-contained electric motor transaxle.
- Simple handle controls with two speed options.
- Forward and reverse controls allow operator to push or pull cart.
- Static release floor belt dissipates static charge, while power axle release allows for non-motorized use.
- Emergency stop feature to ensure operator safety and prevent injuries.
- Power cord holder for easy access to charge and neat tuck-away while in use.
- Quick charge battery system for quick and easy charging.
- All-welded stainless steel heavy-duty construction is easy to clean and sanitize.
- Non-marking flat-free drive wheels, (2 ea.) 8" swivel casters with brake.

163421 **PUSH-PULL UTILITY CART** 38" L X 21" W X 41.75" H

UTILITY CARTS PUSH PULL

Push-Pull Utility Carts by Lakeside Manufacturing provide flexibility of pushing and safely pulling actions when hauling heavy-duty loads. The Lakeside 163421 Push-Pull Utility Cart with (3) shelves measuring 21" x 33" has a weight capacity of 700-Lb. The Lakeside cart's swing-out handle allows for safe pushing or pulling action, while its hinged handle locks securely in the upright position for conventional pushing action. This utility cart's all-welded stainless steel construction is easy to clean and sanitize. This foodservice cart on wheels is equipped with 5" cushion tread casters, (2 ea.) fixed, (2 ea.) swivel with brake for smooth maneuverability. This cart's durable 700-Lb. carrying capacity allows for easy transport of heavy-duty loads over long distances. It provides full visibility when pulling cart to ensure operator safety. This cart is offered with an optional on-board hitch bar system that allows for towing of multiple carts. This multifunctional piece of equipment helps save money, time, and space. Easy to load and unload. Push or pull loads for ultimate flexibility. Endless variety of customizable options. Lakeside has unbeatable lead times. Made in the USA.

**PATENTED
PUSH/PULL
DESIGN**

- Transport up to 3X More and Make 3X Fewer Trips when Towing Multiple Push-Pull Utility Carts.
- Save labor and make fewer trips by towing multiple carts using optional on-board hitch bar system.
- Stay out in front while pulling for full visibility of the path ahead and safe navigation of crowded spaces.
- Take full strides with the swing-out handle and reduce ankle contact while pulling.
- Swing-out handle with integrated latch lowers for pulling and towing multiple carts.
- On-board hitch bar system includes hitch receiver bushing to reduce friction and component wear, plus convenient on-board storage for the optional drawbar when not in use.
- Optional #169168 Stowable Drawbar with on-board storage required to connect multiple Push-Pull carts.
- Available as Trailing Cart # 169167 without swing-out handle for dedicated towing applications.
- All-welded stainless steel construction is easy to clean and sanitize.
- Durable 700 lb. (300 kg) capacity is ideal for the continuous moving of heavy loads over most standard floor surfaces.

173 STANDARD SHEET PAN RACK

26.25"L X 21"W X 67.13"H

SPEED RACKS
SHEET PAN STANDARD SERIES

Durability and storage efficiency will have you relying on these racks for years! The Lakeside 173 Sheet Pan Rack has a 20 full-size pan capacity and angle style ledges with 3" spacing. The angle style ledges are welded to the uprights to withstand continual use, tie bars are also welded to the uprights for added integrity. This unit has 5-inch all swivel, recessed plate mount casters for upright stability and increased maneuverability. All-welded stainless steel construction is easy to clean and sanitize and provides longer life. Ships fully assembled for immediate use right out of the carton, made in the USA. Choose an angle style ledge when your pans are slightly smaller than 18" (457).

- 5" Recessed Plate Casters, Stainless Steel, NSF, Angle Ledges with 3" Spacing for 20 Full Size Pans.
- Speed Racks - Sheet Pan Standard Series.
- Angle style ledges are welded to the uprights to withstand continual use, tie bars are also welded to the uprights for added integrity.
- Angle style ledges are 1-5/16" Wide with 3" Spacing for 20 Full Size/40 Half Size Sheet Pans.
- All-welded stainless steel construction is easy to clean and sanitize and provides longer life.
- 5" all swivel recessed plate casters for maneuvering in tight spaces.

631 MOBILE SHEET PAN DOLLY

27"L X 21"W X 33.5"H

MOBILE SHEET PAN DOLLY

Specially designed for sheet pans, this dolly is the most reliable for storing and transport. The Lakeside 631 Mobile Sheet Pan Dolly is aluminum and NSF certified with (1) storage tier with sides and (1) push handle. This unit securely holds and transports 18" x 26" (457 x 660), 14"x 18" (356 x 457), and 13" x 18" (330 x 457) sheet pans and trays. The square tubular frame with the reinforced base provides superior strength. Welded handles offer more steering control. This model's all-welded construction increases durability. The rust-proof and corrosion-resistant material extends product life. Nobody beats Lakeside's lead times! Made in the USA.

- Securely holds and transports 18" x 26" (457 x 660), 14"x 18" (356 x 457), and 13" x 18" (330 x 457) sheet pans and trays.
- Square tubular frame with reinforced base provides superior strength.
- Welded handles offer more steering control.
- All welded construction increases durability.
- Rust-proof and corrosion-resistant material extends product life.

868 MOBILE TRAY DRYING RACK

40.75"L X 23.25"W X 68.75"H

DRYING RACKS

Conveniently store domes and trays in these open racks for efficient drying. The Lakeside 868 Mobile Tray Drying Rack has (4) shelves that fits 14" x 18" or 15" x 20" or 16" x 22" trays, and has a 56 tray capacity. 11-gauge all welded stainless steel base ensures superior strength and balance. This unit has a 14-gauge stainless steel frame and "L" supports increase stability to prevent accidents and spills. Shelves also include perforated drain holes for fast draining. 5" (127) corner stem no-mark polyurethane casters offer flexibility to move the rack from sink to storage area. This unit holds tray sizes 14" x 18" (356 x 457), 15" x 20" (375 x 508) and 16" x 22" (406 x 559). The maximum tray thickness is 2-1/2" (64). Shelf clearance is 17" (432). Nobody beats Lakeside's lead times. Made in the USA.

- 11-gauge all welded stainless steel base ensures superior strength and balance.
- 14-gauge stainless steel frame and "L" supports increase stability to prevent accidents and spills.
- Removable tray rack slants in the center and has a perforated bottom for quick and efficient drainage.
- Shelves also include perforated drain holes for fast draining.
- 5" (127) corner stem no-mark polyurethane casters offer flexibility to move rack from sink to storage area.
- Holds tray sizes 14" x 18"(356 x 457), 15" x 20" (375 x 508) and 16" x 22"(406 x 559).
- Maximum tray thickness is 2- 1/2"(64). Shelf clearance is 17" (432).

668 BREAKFAST CART

54.75"L X 28.5"W X 67"H

BREAKFAST CARTS

Breakfast Carts by Lakeside Manufacturing elevate breakfast or snack service with stylish and nutritious options that offer both mobility and style. The Lakeside 668 Breakfast Cart with overhead plastic bins and laminate finish has (1) 20" x 38" insulated stainless steel ice bin with drain. This Lakeside cart's durable stainless steel construction is easy to clean and sanitize, while its spacious interior compartment stores additional food and beverages for convenient resupply. Equipped with heavy-duty 5" diameter swivel casters (2 with brake, 2 fixed) with rounded cushion-tread for quiet, easy movement.
