

SUPERIOR HOT FOOD STORAGE SUPPORTING YOUR BUDGET NOW & LATER

R Series hot food cabinets help you maintain your bottom line while offering superior warm temperature maintenance, proven durability and energy efficiency in an economical cabinet. Traulsen uses a durable 14-foot serpentine style heating element, coupled with low velocity fans and a microprocessor control to provide consistent, energy-efficient warmth.

1

REDUCE COSTS

- Durable, long-lasting stainless steel construction & serpentine heating element
- Raised door pans protect gaskets
- Factory-installed standard shelving

2

SUPPORT FOOD SAFETY

- Superior, consistent temperature maintenance & recovery throughout the cabinet with minimal temperature stratification

3

ENABLE YOUR EMPLOYEES

- Self-closing doors with stay-open feature
- Durable, sanitizer friendly EZ-Clean™ door gaskets

4

ENJOY PEACE OF MIND

- Smart Control™ with LED temperature display & smart sensors allow unit to adapt to changing kitchen environments
