

1 REDUCE COSTS

- Better performance; less food waste
- Heavy duty drawers, condenser filter, & magnetic snap-in gaskets combine to reduce lifetime service costs
- Durable stainless steel exterior and interior promote longer product life

2 SAVE LABOR

- Front-breathing design, zero-clearance installation
- Condenser filter protects system & makes regular cleaning easier
- Adjustable caster channel for convenient installation
- Removable drawer chassis allows quick & thorough cleaning

3 SUPPORT FOOD SAFETY

- Dedicated evaporator fans behind each section maintain safe temperatures- even with frequent drawer opening

SAFE STORAGE FOR THE TOUGHEST APPLICATIONS

Traulsen Equipment Stands provide the long-lasting versatility you want, & the temperature consistency you need. With a stainless steel interior & exterior, our equipment stands are built to fulfill your storage requirements. Our sturdy design holds up to 500 lbs. per section- easily supporting broilers, ovens, fryers, or griddles. Each section has a dedicated cooling system, providing temperature integrity & product safety in the harshest kitchen environments.

TE SERIES REFRIGERATED EQUIPMENT STANDS
